

Badgers

Class News

Teacher – Mr Wills and Mrs Davies

Teaching Assistants – Mrs Farmer, Mrs Bance and Mrs MacMillan

Welcome to the Badgers' class page! As we approach the end of the Summer term, we can look back on what has been a very busy and exciting year. We have learnt lots of new skills and taken part in some great activities along the way, producing some fantastic work and really immersing ourselves in our learning. Here are a few of our highlights:

Bigbury Beach Trip

As part of our topic Sun, Sea, Sand and Surf, we spent a glorious day at Bigbury beach. The shone brightly as we took part in a range of activities, including geography fieldwork, dam building, sandcastle making and a variety of beach sports.

However, the highlight for many of us was the surf lesson. After a short briefing on the sand, we soon hit the ocean and within a short period of time, many of us were able to stand up on our board and master the waves. We had a fantastic time and it really was one of the highlights of our year.

Sports Day

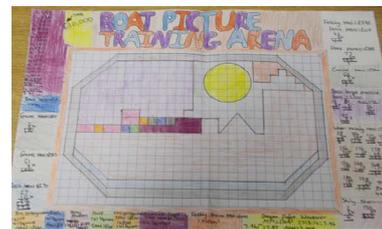

Every year we take part in a varied and exciting Sports Day – this year was no exception. We had the chance to put our skills to the test and enjoy an afternoon of sporting fun than culminated with the final of the sprint races. It was great to see so many of our parents and carers coming along in support. We had a lovely afternoon and those of us in year five

look forward to next year. For those of us in year six, we will leave with fond memories of our last Manor Sports Day.

Maths Projects

Over the last few weeks, we have been putting our learning into practise during maths and have been working hard on some mathematical

projects that have brought together a variety of our skills. Those of us in year six have been designing our ideal

dragon training arena as part of a transition project for the College while our classmates in year five have been designing their dream outdoor learning environments. Both projects have required us to work to a specified budget and size constraints. We have learnt a lot from completing these projects and we think you'll agree, our work looks great.

View Our Photos Online

All of our stunning photos from this year's events can be viewed on our Flickr account. It's really worth a look! Please feel free to explore the albums at:
