

### GDPR Consent Form

To be compliant with new Data Protection regulations coming law in May 2018 we are writing to you to gain updated consent for the data we hold on you and your child in school. You will have also received a Privacy Notice and letter with further details and this tells you who to contact if you have further questions.

**Manor Primary School** are the Data Controller for the purposes of the Data Protection Act. We collect information from you and may receive information about you. We hold this personal data securely and use it to:

- Support your child's teaching and learning.
- Monitor and report on your child's progress.
- Provide appropriate pastoral care.

Please read the following carefully and tick to show where you give consent. If you choose not to give consent it may mean that not all services we offer through school will be available to you. There is some data we store in school, for example your contact details and children's assessment details that we have to keep for the purposes of the day-to-day running of the school. Where there is shared parental responsibility with a partner/spouse we will assume this is shared consent and one of you may sign the form, but please come and discuss this if this is not the case.
