Dear Parents and Carers

I enclose a copy of our Ofsted report, which was made available to us yesterday. As you will see, the school has been rated as 'Outstanding' in all categories.

We are absolutely delighted with this outcome, which reflects much hard work and a complete determination by all of us to secure the best possible outcomes for the children of our school.

The governors and I would like to thank everyone who has contributed towards our success, particularly the teaching and support staff whose hard work, commitment and dedication to this school community are truly outstanding in every sense.

We would also like to thank and commend the children for their superb behaviour, polite manners and fantastic attitude to learning, all of which are highlighted in the report.

Our focus now will be on maintaining these standards of excellence, further strengthening our high academic standards and continuing to develop our curriculum to ensure that this is second to none. I look forward to us working together as a school community to ensure that Manor Primary School remains outstanding long into the future.

Yours sincerely

Mrs K Dixon
Headteacher

Headteacher: Karen Dixon
Deputy Headteacher: Julie Solomon
