

Manor Primary School – PE and Sport Funding Report

July 2017-18

Number of pupils and PE funding 2017-18

Total number of pupils on roll 2017-18 (Census Oct 2017)	255
Total amount of PE and Sport Funding 2017-18	£18 100

Summary of spending 2017-18

Staffing

- ✚ Teachers have been trained in 'Real PE', a scheme of work which takes a child-centred approach to engage and challenge every child in sport and physical activity. This has included on-site training for all teachers in addition to the purchase of scheme materials. The PE co-ordinator has been active in implementing, monitoring and evaluating this scheme across the school.
- ✚ Two Playleaders have continued to develop and extend provision, including:
 - Planned and led active games at lunchtimes, thereby boosting numbers of children involved in regular DPA and developing physical skills and fitness. A variety of activities, including football, handball, basketball, hockey, netball and rounders skills have been particularly popular.
 - In the afternoons, provided coaching for children of all sporting abilities in preparation for competitions and events, and interventions for children who find physical skills challenging.
 - Organised and accompanied children taking part in sporting events, festivals and competitions within the local learning community, including opportunities for children at all levels including SEND and gifted and talented.
 - Supported and run after-school clubs including athletics and multi-skills, with provision for KS1 of all abilities.
 - Organised a 'daily mile' run for children in KS2.
- ✚ Enabled all children in Year 5 to take part in 'Bikeability'
- ✚ Regular swimming lessons for all pupils (see section below)

Resources

- ✚ A variety of new resources to support sport and PE have been purchased at the point of need throughout the year.
- ✚ The Pupil Premium funding has enabled us to keep our on-site outdoor pool running (see section below)

Summary of spending

Additional Staffing – Playleaders	£11, 867
Real PE scheme	£1995
PE equipment	£806
Ivybridge Academy Trust – competition entry	£650
Bikeability	£100
Contribution to the running of the Swimming pool	£2582
TOTAL	£18, 100

Impact 2017-18

- ❖ 86% of children agreed that they are learning at school how to lead a healthy lifestyle. PE/ sport was regularly cited as one of the things that children enjoy most about school. (Pupil Focus Group data 2017)
- ❖ 98% of parents agreed that their children are offered an interesting curriculum including extra-curricular activities – up from 95% in 2015. (Parent Questionnaire 2017)
- ❖ Manor took part in 95% of the local learning community events. As a result, there was a very high percentage of children representing the school in Level 1 and 2 competitions (73% at KS2).
- ❖ 58% of pupils have taken part in extra-curricular (after school) sport at least once a week.

Swimming 2017-18

We are lucky enough to have a swimming pool on site, which we have been enabled to maintain as a consequence of receiving the PE and Sport Funding. All children from Pre-School to Year 6 swim at least weekly from Easter to October. At the end of Year 6 in 2017-18:

- 92.5% of pupils could swim competently, confidently and proficiently over a distance of 25 metres, using a range of strokes proficiently.
- 92.5% of pupils could perform safe self-rescue in different pool-based situations, and understood how this may differ in other situations such as rivers and the sea.

Plans for PE & Sport Premium spending 2018-19 – Making improvements sustainable

- ❖ To continue with the same provision as 2017-18, including the leadership of new joint PE Co-ordinators; the work of Play Leaders in running lunchtime and extra-curricular provision; and continued participation in local competitions.
- ❖ Organise extraction groups for children with co-ordination difficulties and those who are not currently achieving age-related skills and abilities in PE, to ensure they are enabled to take a full part in physical activity.
- ❖ Organise extraction groups to better prepare children for competitions.
- ❖ Re-introduce half-termly intra-house competitions with participation from all year groups.
- ❖ Ensure all resources are replenished, kept up to date and of high quality.
- ❖ Continue to develop the provision of resources for outdoor learning across school.
- ❖ Continue to maintain the swimming pool, and revise our curriculum policy to ensure that children who are not able to swim well are given increased access and enabled to develop confidence and proficiency.

Intended Impact for 2018-19

- ❖ The vast majority of children report enjoyment of and frequent engagement in physical activity, both within and outside school. Children can explain how and why this is good for them and how it contributes to a healthy lifestyle.
- ❖ The vast majority of parents report that their child takes part regularly in physical activity and that the school is supporting this.
- ❖ 100% of teachers report confidence in their ability to teach high quality PE and can explain the impact that this has had on their children's engagement in physical activity.
- ❖ The school takes part in at least 95% of the opportunities afforded by the local learning community, and continues its current form of regular success in competitive events.
- ❖ 100% of children have taken part in an intra-school sporting event and 75% in an inter-school sporting event
- ❖ 100% of children can swim competently, confidently and proficiently over a distance of 25 metres, by the time they leave Year 6.
- ❖ Children develop a love of physical activity and play and a knowledge and awareness of healthy lifestyles that will be sustainable for lifelong well-being.
